REGISTRATION

The questionnaire that you have made me, has 10 groups of questions, we need you to have 5 groups and in each group the questions that have to be.

I don't want it like this:

BEFORE STARTING THE TEST, YOU HAVE TO SHOW A PRIOR NOTICE OF WHAT WE ARE GOING TO ORDER TO HAVE IT PREPARED:

Woofic is a comprehensive and independent platform, which allows you to obtain customized quotes from different providers:

To consider:

1-You need to register to receive the offers, at the end of the questionnaire you can do so.

2-For the budget to be as close to reality as possible, we recommend that you have the measurements on the screen; base x height in cm

3-Knowing the location of the screen through an image helps a lot when budgeting.
