 ADVERTISE ON SCREENS

Advertise on Led screens throughout Spain or in your city

 INSTALLER

Installations and commissioning of led solutions.

OPERATION OF SERVICES

It works like a business directory, these companies are classified into 8 groups:

REPAIRS
ELECTRICIAN
ARCHITECTS / ENGINEERS
GRAPHIC DESIGNER
SCREEN MANAGEMENT
STRUCTURES
ADVERTISE ON SCREENS
INSTALLER

- The User will be able to see the information of each provider, but to request a quote and contact, they ask you to register.

The list of service providers is open, any user can access it, the only limitation there is, is when contacting, it is mandatory to register to contact.

The user accesses the service that he wishes to contract, sees a list with different providers, he can click and see the provider's file / portfolio to find out, once he has found the provider, he can contact him, the user will have to register and can chat and request a quote from the platform to the service provider.

The cost per contact for service providers is € 1 per contact. The way of billing

is monthly, the same as the suppliers of led screens. Example:

If a month has received 10 contacts, they will be billed 10 contacts x € 1 = € 10

SERVICE PROVIDERS INFORMATION

When the user accesses the page of a service provider, he will be able to see the following information:

- Photo (Logo or Personal Photo)
- Location
- User score
- If you are Self-Employed or Company
- Description of services and company
- Skills / Tags
- Photos of project examples
- Years of experience
- Request a quote button

Users will be able to access a list of service providers, the way to view them will be type is, in the form of a list:

https://amentotech.com/projects/workfleek/search-freelancers/

https://empresas.habitissimo.es/reformas

SERVICE PROVIDERS

Service providers are a different type of provider to service providers.
Led screen.

It's okay to have a different link for registration
https://www.woofics.com/serviceprovider

I do not like the current registration questionnaire visually, I want one of this type
https://www.habitissimo.es/registrar/empresa

But as I explain in the Payment Plan document, in the final part, where I talk about the registration, I think that the registration questionnaire can be unified for suppliers, screens and Service providers.

Adding a field in the questionnaire:

What do you mainly do: LED

SCREEN PROVIDER SERVICE

PROVIDER:

REPAIRS
ELECTRICIAN
ARCHITECTS / ENGINEERS
GRAPHIC DESIGNER
SCREEN MANAGEMENT
STRUCTURES
ADVERTISE ON SCREENS
INSTALLER

Once the service providers have been registered, in their dashboard they must have a section (information) in which they can fill in the information to be displayed in the directory.

The information when displayed, if there are 5 Installer service providers, is sorted alphabetically by default.

Ordering Options:

Alphabetically
Punctuation
Distance

How can there not be many service providers, I do not need any field of search by filters like this:
